

CONTENTS

Preface	1
Mamoru Adachi	
(1) Proceedings of the 11th Symposium on Researches using the Tandetron AMS System at Nagoya University in 1998	
"Achievements in Researches Using the Tandetron-I AMS System at Nagoya University and Plans on Applications of the Tandetron-I and -II AMS Systems"	
1. Motivations for opening the Symposium	2
Toshio Nakamura	
2. The ¹⁴ C AMS facility of the Nagoya University: present status of the	5
Tandetron-I and -II AMS systems	
Toshio Nakamura, Hirotaka Oda, Akiko Ikeda, Etsuko Niu, Masayo Minami, Shigeo Yoshioka, Tomoko Ohta, Hiroshi A. Takahashi, Mamoru Adachi, and Ludi Pals	
3. Results of the Acceptance Test on Tandetron II in DMRC	18
Etsuko Niu	
4. Determination of the absolute ages of Yaku cedar trees by bomb effect	24
Yukiko Naruse, Yasushi Muraki, Kimiaki Masuda and Kh. A. Arslanov	
5. Tunguska event recorded in a tree trunk	29
Hitoshi Yonenobu and Chisato Takenaka	
6. ¹⁴ C anatomy of algae in inland ponds and lakes, Antarctica	33
Hiroshi A. Takahashi, Hideki Wada, Toshio Nakamura and Hideki Miura	
7. An attempt to evaluate environmental changes recorded in algal	43
sediments from Antarctic lakes	
Tadashi Bando, Tomomi Iwasa, Toshio Nakamura, Satoshi Imura and Hiroshi Kanda	
8. Paleoactivities of the active fault systems along the Echizen Coast,	48
Fukui prefecture, central Japan	
Hirofumi Yamamoto and Yoshiyuki Kinoshita	
9. Hope to see our dream of AMS dating in archeology and history	56
Sei-ichiro Tsuji	
10. AMS radiocarbon dating of two ancient Japanese documents	60
Hirotaka Oda, Takashi Masuda and Toshio Nakamura	

11. Radiocarbon dating of Buddhist sutras -----	68
Yasukazu Yoshizawa	
12. Metallurgical and chronological studies on processing of ancient iron artifacts -----	77
Naotoshi Ono, Masamichi Sano, Mamoru Kuwabara, Toshio Nakamura, Hirotaka Oda and Masahiro Hirasawa	
13. Verification of ^{14}C age measuring theories of iron products -----	87
by an iron-manufacturing experiment and views through the experiment Tetsuya Yamada, Toshio Tsukamoto, Naotoshi Ono, Hirotaka Oda and Toshio Nakamura	
14. Preparation of collagen containing samples -----	97
Akiko Ikeda and Toshio Nakamura	
List of participants -----	102

(2) Summaries of Researches Using AMS

1. Radiocarbon dating of charcoal samples excavated from Vairoronga Site, -----	103
Mangaia Island, Southern Cook Islands, Polynesia Hirotaka Oda, Toshio Nakamura and Kazumichi Katayama	
2. AMS radiocarbon dating of uppermost sediments in the Toyogawa plain -----	112
Kumiko Kawase	
3. AMS ^{14}C dates of Jomon pottery (3) -----	121
Naoto Yamamoto	
4. The examination of atmospheric ^{14}CO measurement techniques-----	125
Akihiko Goto, Jun Moriizumi, Takao Iida and Yukimasa Ikebe	
5. Concentration and carbon isotopic ratio of the atmospheric -----	130
carbon dioxide in Nagoya City (II) Hiroshi A. Takahashi	
6. AMS ^{14}C age of a Molar fossil of Naumann's elephant - with XAD -2 resin - -----	139
Masayo Minami and Toshio Nakamura	
7. Research and study of the age of submarine ruins at Yonaguni Island in Okinawa, Japan -----	149
Masaaki Kimura, Toshio Nakamura, Isao Motoyama, Mamoru Nakamura, Tomonori Ono, Tamotsu Oomori and Akira Tanahara	

8. Particulate flux for last 40000 years in the northwestern North Pacific -----	167
Hiroaki Muraki, Masashi Kusakabe, Naomi Harada and Toshio Nakamura	
9. Holocene paleoenvironment in the SW part of the Sea of Okhotsk: -----	176
An interpretation based on diatom fossil analysis	
Chieko Shimada, Masafumi Murayama, Toshio Nakamura, Kaori Aoki and Shiro Hasegawa	
10. AMS ^{14}C dating of the sediment cores at Fukuoka-cho, Takamatsu City, -----	185
Kagawa Prefecture, Japan - Identification of the volcanic ash of the quaternary deposits in the Takamatsun plain	
Norihito Kawamura, Hirotaka Oda and Toshio Nakamura	
11. AMS ^{14}C age of Japanese wolf collected from the cave at Mt. Kyozyo -----	189
in Izumi-mura, Yashiro-gun, Kumamoto prefecture	
Masayo Minami, Naoshi Kitamura and Toshio Nakamura	
12. AMS radiocarbon dates of the Ikeshiro and Nonokusa pyroclastic-flow -----	199
deposits from Yufu-dake volcano, northeastern Kyushu, Japan	
Mitsuru Okuno, Yasuhiro Fujisawa, Megumi Kusanagi-Tajima, Tadahide Ui, Toshio Nakamura and Tetsuo Kobayashi	
13. The eruptive history of Yakedake volcano in Northern Japan Alps -----	206
during the past 2000 years	
Teruki Oikawa, Mitsuru Okuno and Toshio Nakamura	
14. Eruptive history of Kita-Hakkoda volcano group in Japan during the past 5000 years -----	218
Takashi Kudo, Mitsuru Okuno and Toshio Nakamura	
15. Carbon and nitrogen isotope fractionations of collagen by treatment -----	235
with XAD-2 adsorption resin	
Masayo Minami	
16. A simple preparation of collagen containing samples (3) -----	243
Akiko Ikeda and Toshio Nakamura	
(3) List of Theses for Graduation, Prepared Using ^{14}C Dates with -----	247
the Tandetron AMS System at Nagoya University in 1998
